

# BARWAAQO' SOMALIA WATER FOR RURAL RESILIENCE PROJECT

## PDO Statement

To develop water, agriculture,  
and environmental services  
for rural communities in  
Somalia's drylands.

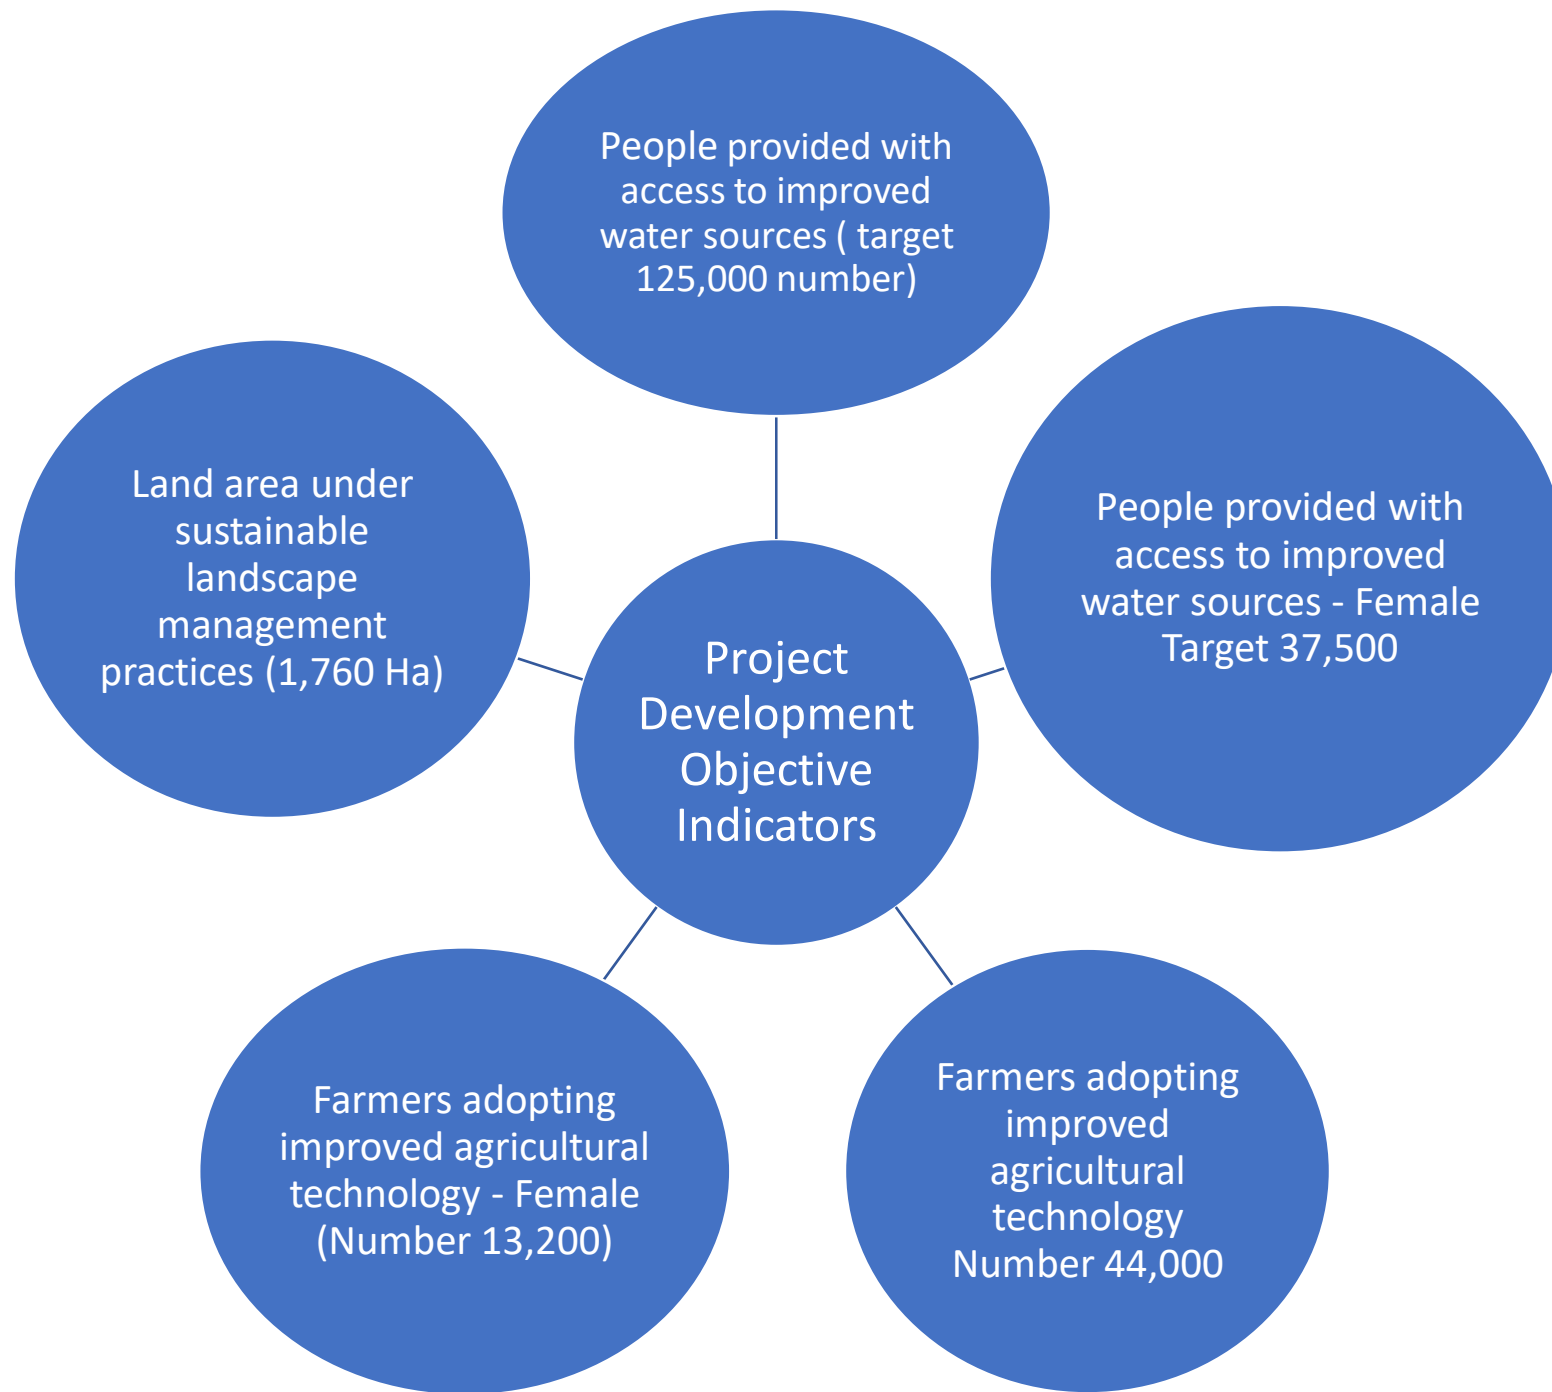

# Components of the Projects

Component 1  
- Development  
of Multiuse  
Water Sources

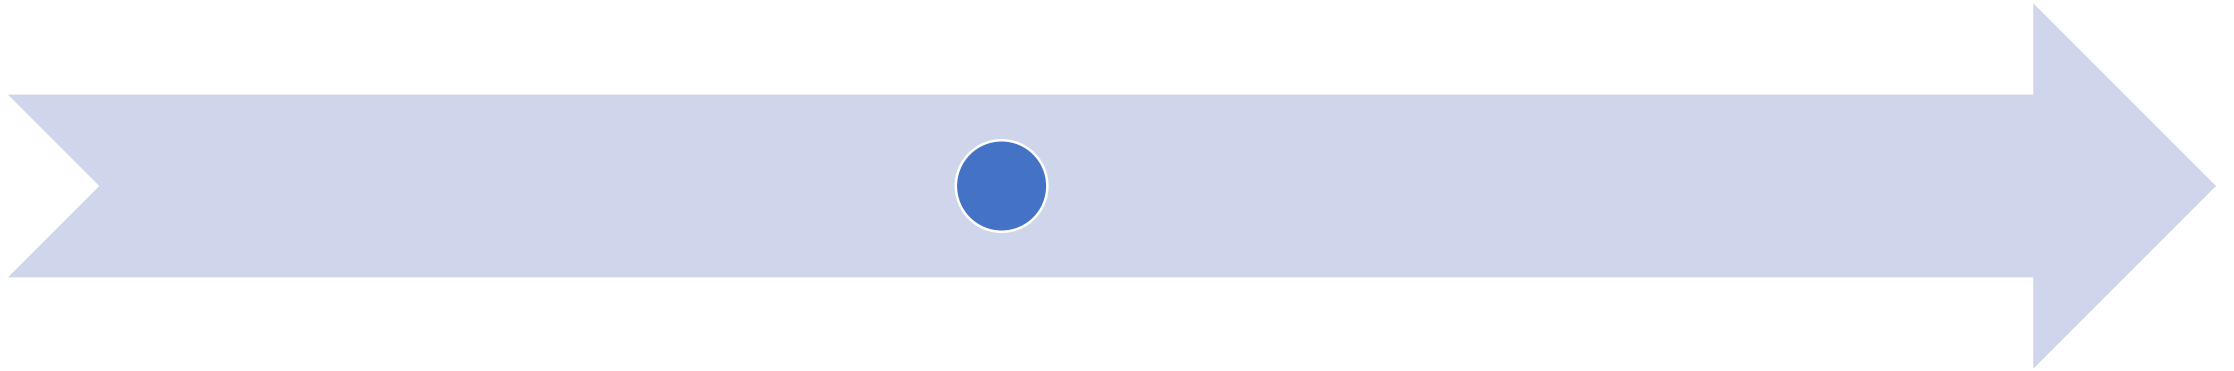

Component 2:  
Development  
of Agriculture  
& Livestock  
Services  
around water  
points

Component 3:  
Development  
of  
Environmental  
Catchment  
Services

Component 4:  
Project  
Management,  
Community  
Development  
and Enhancing  
Livelihoods  
Planning

# Intermediate indicators

<b>Component 1 - Development of Multiuse Water Sources</b>		
<b>New water points constructed to reduce the risk of water shortages in drought-prone rural areas (Number)</b>		20
<b>Existing water points rehabilitated to reduce the risk of water shortages in drought-prone rural areas (Number)</b>		13
<b>Number of government staff gaining capacity to plan and design climate-resilient infrastructure (Number)</b>		32
<b>Female number of government staff gaining capacity to plan and design climate-resilient infrastructure (Number)</b>		11

<b>Component 2: Development of Agriculture &amp; Livestock Services around water points</b>		
<b>Number of functional Farmer Field Schools established (Number)</b>		33
<b>Number of Animals that received veterinary services (Number)</b>		396,000
<b>Number of Community Animal Health workers (CAHWs) trained (Number)</b>		110
<b>Female number of Community Animal Health workers (CAHWs) trained (Number)</b>		33
<b>Number of institutions providing veterinary services/certifications strengthened (Number)</b>		3
<b>Livestock managers with increased productivity (Percentage)</b>		70%
<b>Female share of livestock managers with increased productivity (Percentage)</b>		30%

Component 3: Development of Environmental Catchment Services		
Land area under invasive species management techniques (Hectare(Ha))		220
Agricultural land area with soil and water conservation measures (Hectare(Ha))		660
Forest area restored (Hectare(Ha))		110

**Component 4: Project Management, Community Development and Enhancing Livelihoods Planning**

Efficient and functional web-based Management Information System (MIS) (Number)		1
Beneficiaries that feel project investments reflected their needs (Percentage)		70%
Project Implementation Units (PIUs) staffed (Number)		1
Female share of PIU staff, interns & seconded staff at line ministries & other water institutions (Percentage) Female share of PIU staff, interns & seconded staff at line ministries & other water institutions (Percentage)		30%

<b>Proportion of contracts awarded to female friendly contractors (Percentage)</b>		<b>20%</b>
<b>Grievances registered related to delivery of project benefits that are addressed (Percentage)</b>		<b>20%</b>
<b>Grievances registered related to delivery of project benefits that are addressed (Percentage)</b>		<b>70%</b>
<b>Community Investment Plans Developed (Number)</b>		<b>33</b>
<b>Number of line Ministry buildings, laboratories and offices constructed (Number)</b>		<b>2</b>
